

IN THE SPECIFICATION:

Please amend the paragraph beginning at page 5, line 18 as follows:

For one embodiment, the disk may include data that is not encrypted, in addition to the encrypted data. However, the encrypted data may be designed to be accessible only by secure drives. In that instance, the data discussed below only refers to the encrypted data. For one embodiment, the disk format used for this mechanism may be the Gold format described in U.S. Patent Application Serial No. [[\_\_\_\_]] 09/537,901, entitled "Secure Compact Disc Technology."
